Activities: With Teachers, Teacher Educators & Schools

The Bodh Gaya Global Dialogues provides a platform for engagement with the teachers is to build the capacity of the teachers in understanding the concept of heritage in all its forms and introduce diverse forms of heritage and history in both classrooms and outside the classrooms context in order to promote the heritage education.

Engagement with the teachers will dwell on the key concepts on heritage education, case studies, documented materials and studies on heritage and history of Bihar with special reference to the Magadh region. Screening of the selected videos in the workshop will be effective in building awareness, understanding and way of teaching for the heritage education among the teachers.
